Book reviews
A practical guide to labour management (D. Gibb), 345
Birthplace. Report of the confidential enquiry into facilities available at the place of birth conducted by the National Birthday Trust (edited by G. Chamberlain and Philippa Gunn), 173
Clinics in obstetrics and gynaecology (edited by T. Chard), 80
Common problems in obstetric anesthesia (edited by S. Datta and G. W. Ostheimer), 260
Drugs and Pregnancy. Human teratogenesis and related problems (edited by D. F. Hawkins), 174
Endometriosis. Current reviews in obstetrics and gynaecology 12 (D. T. O'Connor), 174
Fetal physiological measurements. Proceedings of the second international conference on fetal and neonatal physiological measurements (edited by P. Rolfe), 1984, 175
Foundations of obstetric anaesthesia (edited by B. M. Morgan), 262
Magnetic resonance of the reproductive system (S. McCarthy and F. Heseltine) 81
Management of ovarian cancer (G. Blackledge and K. K. Chan), 173
Manual of labour ward practice (J. M. Pearce and S. A. Steel), 261
Neonatal-perinatal medicine. Diseases of the fetus and infant (edited by A. A Fanaroff and R. J. Martin), 174
Neonatal physiological measurements (edited by P. Rolfe), 81
Oxford reviews of reproductive biology (edited by J. R. Clarke), 344
Prematurity (edited by V. Y. H. Yu and E. C. Wood), 175
Prenatal diagnosis of congenital anomalies (R. Romero, G. Pilu, P. Jeanty, A. Ghidini and J. C. Hobbins), 260
Reproductive surgery (edited by A. H. DeCherney), 260
Scientific foundations of obstetrics and gynaecology (E. E. Philipp, J. Barnes and M. Newton), 80
The infertile couple (edited by R. J. Pepperell, B. Hudson and C. Wood, 173
The physiology of reproduction (edited by E. Knobil and J. D. Neill), 80
The tentative pregnancy. Prenatal diagnosis and the future of motherhood (B. K. Rothman), 344
The vulva (edited by C. M. Ridley), 344
